

The following standard incentives are available to all qualifying commercial and industrial customers of Cascade Natural Gas on rate schedules 504, 505, 511, 570 and 577.

	EFFICIENCY MEASURE	DESCRIPTION	EFFICIENCY TYPE <small>AFUE: Annual Fuel Utilization Efficiency MEF: Modified Energy Factor EF: Energy Factor</small>	UNIT INCENTIVE
<b>HVAC</b>	Warm Air Furnaces < 225,000 kBtu per hour input	High Efficiency Condensing Furnace	Minimum 91% AFUE	\$3 / kBtu per hour
	HVAC Unit Heater	High Efficiency Non-Condensing w/Electronic Ignition	Minimum 86% AFUE	\$1.50 / kBtu per hour
	Radiant Heating	Direct Fired Radiant Heating	None	\$6.50 / kBtu per hour
	Boiler	High Efficiency Condensing Boiler w/Electronic Ignition	Minimum 90% AFUE and 500 MBH input	\$2 / kBtu per hour
	Boiler Vent Damper	Boiler Vent Damper	Minimum 1,000 MBH input	\$1,000
<b>WATER HEATING</b>	Domestic Tankless/Instantaneous Water Heaters	With Standing Pilot	Minimum 70.8% EF	\$30 / gpm
	Domestic Tankless/Instantaneous Water Heaters	With Electronic Ignition	Minimum 73.8% AFUE	\$40 / gpm
	Domestic Hot Water Tanks	Condensing Tank	Minimum 91% AFUE or 91% Thermal Efficiency	\$2.50 / kBtu per hour
	Clothes Washer	Commercial Gas Washer	1.8 MEF	\$180
<b>INSULATION</b>	Insulation	Attic Insulation	Minimum R-19	\$0.20 / sq.ft.
	Insulation	Roof Insulation	Minimum R-11	\$0.20 / sq.ft.
	Insulation	Wall Insulation	Minimum R-11	\$0.20 / sq.ft.
<b>FOODSERVICE</b>	ENERGY STAR Gas Fryer	ENERGY STAR	None	\$600
	Gas Convection Oven	Full Sized Oven (6 cubic feet or more <u>interior</u> space)	None	\$600
	Gas Griddle	High Efficiency Infrared Gas Griddle (see list of qualified griddles)	None	\$500

To apply for an incentive, download a Standard Incentive Request form at [www.cngc.com/conservation](http://www.cngc.com/conservation) and return to us via email at [conserve@cngc.com](mailto:conserve@cngc.com) or by fax at 1-866-610-9555. Questions? Call 1-866-450-0005. We look forward to serving you!

### **COMMERCIAL/INDUSTRIAL CONSERVATION PROGRAM**

#### **PROGRAM DESCRIPTION:**

This program is designed to increase energy efficiency in commercial/industrial facilities within Cascade's service territory by providing cash incentives for the installation of certain energy efficiency measures in qualifying facilities.

#### **MEASURES/INCENTIVES:**

The measures and incentives provided by Cascade Natural Gas Corporation are deemed cost-effective and may be recommended under this program. Energy efficiency measures not listed may still be eligible for customer incentives providing the incremental costs of the measure does not exceed \$1.00 per therm saved. Incentives for site-specific program measures will be based on 25% of the avoided cost savings of the measures, not to exceed 50% of the incremental cost of the measure.

#### **AVAILABILITY:**

This program is available throughout Cascade's Washington service territory to qualifying commercial and industrial customers served on rate schedules 504, 505, 511, 570 and 577 upon meeting the requirements contained in the following specifications section.

#### **SPECIFICATIONS:**

Requirements (as applicable to the project):

- Participating customers must be a new or existing commercial or industrial natural gas customer of Cascade Natural Gas Corporation
- All high efficiency HVAC, water heating, and or cooking equipment must be replacing standard efficiency natural gas equipment or installing new equipment. Buildings currently using high efficiency equipment are not eligible for this program.
- Insulation measures must be installed in an existing building heated by natural gas without insulation in the component being treated.
- Eligible measures must be installed during the effective dates of this program to be eligible for a rebate. (Retroactive to Oct. 1, 2007 and ongoing.)
- Customers requesting site-specific energy efficiency measures must submit estimated costs and natural gas savings associated with the project. Natural gas savings are to be calculated using standard engineering practices. The Company will review the natural gas savings calculations, and reserves the right to modify energy savings estimates.

To receive a cash conservation incentive, please provide the following documentation:

- Incentive Request Form
- W9 Form
- Copy of recent CNG Gas Bill
- Quote/invoice for proposed equipment or material
- Manufacturer's Spec Sheet
