

# cascadiaLIVE

## “Financing the Living Building”

CascadiaLIVE is a NW Washington spin on accelerated green building education. The first event in series of networking workshops promoted to the Cascadia bioregion.

Join us for drinks, networking and a presentation from Cascadia GBC board member Richard Iredale. He'll address the financial barriers to developing the Living Building Challenge and examples of how Living Community scale development can achieve more effective and economical solutions than what traditional infrastructure has led us to believe.

### Presenter:

Richard Iredale  
Iredale Group  
Architecture,  
Victoria, BC

# THURSDAY July 15

5:00pm – networking  
6:00pm – presentation
