

Award for Outstanding Person in Weatherization

John Davies, director of the Opportunity Council's Building Performance Center, received the Outstanding Person in Weatherization award May 6 at the Energy Out West conference in Reno, Nevada. Davies has worked at the Opportunity Council since 1998 and has been the director of the Opportunity Council's Building Performance Center for the last three years.

Above: John Davies receives the Outstanding Person in Weatherization award from Jean Diggs, Program Specialist, U.S. Department of Energy.

Opportunity Council executive director, Dave Finet spoke about Davies. "John has repeatedly not only shown that he cares a great deal about providing the best possible service to Washington's low-income residents and to the agencies and staff serving them, he has also helped lead Washington to the forefront of energy efficiency service providers."
