WHATCOM — Listings from farms and other food businesses are sought for the Sustainable Connections 2011 Whatcom Food & Farm Finder, to be published in April. This pamphlet includes information on where to find farms, restaurants, grocers, wineries and fisheries — bushels of information on eating local and seasonal food. Last year, 30,000 copies were distributed to over 200 locations throughout the county. This year, distribution will go throughout Puget Sound. 2011 listing prices are \$65 for Sustainable Connections members and \$105 for non-members. Contact abby@sconnect.org by Tuesday, Feb. 1.
