Terra Organica, which opened in 1997 as North America's first all organic grocery store, will celebrate its 14th anniversary with a party on March 5.

There will be door prizes, free samples of organic foods, live music, and other events, and all customers will receive 10 percent off their purchases that day.

The event will also feature local farmers and food producers, who will be available to distribute samples of their products and to answer questions.

The sale will take place from 8 a.m. to 9 p.m. and the celebratory events be held between noon and 5 p.m.

Terra Organica is located in the Bellingham Public Market at 1530 Cornwall Ave. For more information, call (360) 715-8020.
