The Bellingham Business Journal

The [Community Food Co-op](#) is collecting donations at both stores to aid flood relief efforts in Pakistan by Doctors Without Borders. Additionally, the Co-op will match up to \$1,000 total in donations for the aid agency.

“We were overwhelmed by the community’s generosity when we collected \$22,500 for earthquake relief in Haiti. Sadly, the situation in Pakistan is equally devastating and the Co-op wants to provide the same opportunity for the community to donate to flood relief,” Education Coordinator Kevin Murphy said in a news release.

Anyone can make a donation at the register at either Co-op location. No purchase is necessary to donate and membership is not required.
