

# VENDOR AGREEMENT

We are proud to announce that \_\_\_\_\_  
\_\_\_\_\_ will be a Toward Zero Waste event. We reduce event waste by eliminating single-use materials when possible, and prioritizing compostable and/or recyclable products. Vendors participating are required to hand out only compostable or recyclable materials to the public. We ask that you remove any non-recyclable or non-compostable items from your salable products for the duration of the event.

To achieve these expectations:

- Offer finger foods or use toothpicks for sampling when possible
- Adopt an opt-in option policy for cutlery, napkins, condiments, etc.
- Allow customers to bring in their own cups or growlers for beverage fills
- Opt for aluminum or glass cans for prepackaged beverages
- Any product that comes in contact with food must be compostable
  - [View this local product purchasing guide](#)
  - [For products not on the guide, buy online here](#)

If you have questions regarding vending at a Toward Zero Waste event, please send Sustainable Connections an email at [TowardZeroWaste@SustainableConnections.org](mailto:TowardZeroWaste@SustainableConnections.org).

## Signed Agreement:

This agreement must be signed and returned to \_\_\_\_\_  
by \_\_\_\_/\_\_\_\_/\_\_\_\_

As a vendor participating in \_\_\_\_\_, I agree to distribute my food in products that are compostable locally. I agree to distribute any prepackaged products in compostable or recyclable packaging. I also agree to sort my discards and make appropriate use of the available Toward Zero Waste stations.
