

Old School Tattoo

TOWARDS ZERO
WASTE PROFILE

**Successfully diverting over 90%
of their waste from the landfill**

Old School Tattoo is one of the finest ink establishments in Whatcom County and from the outset made a conscious effort to change the overall perception of a tattoo parlor. Instead of a dark and mysterious place, they wanted their space to be open, light and welcoming. The large windows and natural light illuminate the artwork on the walls. They worked hard to employ as many sustainable practices as possible in their business. In addition to Toward Zero Waste they are also participants in the Community Energy Challenge.

Waste Reduction & Recycling Efforts - 2017

Installed hand dryers to cut down on paper towel waste

Added compost service

Recycles all plastics, cans, glass, paper, and cardboard

Switched to reusable Keurig coffee pods

Properly disposes of all Biohazard Waste

Sustainable Connections Toward Zero Waste campaign has enlisted the partnership of local governments and over 450 local businesses that have made significant commitments to reduce waste. With these businesses' leadership, we aim to reduce the amount of waste going to the landfill, increase reuse and recycling of existing resources, and increase purchasing of recycled and environmentally preferable products. Together, we are moving this community Toward Zero Waste! For more details about how your business can participate, visit SustainableConnections.org.
