Sustainable Connections

Preferred Installer List

Commercial Heat Pump & Heat Pump Water Heater Projects | Energy & Green Building Program

The installers below have been vetted by Sustainable Connections and are approved to complete projects that qualify for our commercial rebates. **We recommend collecting 2–3 bids** so you can compare pricing, equipment options, and timelines — and get the most out of your rebate. Once your bids are in, **Sustainable Connections will help review them and provide final recommendations** before you decide which installer to move forward with. The final choice is always yours.

Company	Contact	Address	Counties Served					Equipment Installed			Travel Fee?
