The Energy and Green Building Program creates a healthy built environment for people and the planet. We are working to facilitate a local economy powered by the efficient use of clean, renewable, and secure energy as well as buildings that live lightly on, or are even restorative to, our environment. The Community Energy Challenge provides expert assistance to businesses and homes making energy upgrades, while events like the Green Building Slam bring our community together to envision a better future. Sustainable Connections is blazing a trail and helping to make our region a leader in clean energy and buildings.

## HIGHLIGHTS & BENEFITS

ENERGY ACTION PLANS	Reports with recommendations for energy saving projects sent to to multiple businesses per month – with your logo on them!
ENERGY CLUB & GREEN BUILDING NERDS	Networking events for energy efficiency and green building enthusiasts and professionals - 10 meetings per year
ENERGY EVENTS & PRESENTATIONS	Past events include celebrations, local contractor parties, solar social hour, networking meetings, home & garden shows, neighborhood meetings, and technical workshops. Promotional materials and handouts provide additional exposure.
GREEN BUILDING EVENTS & EDUCATION	Great events like Green Building Slam, Green Home Tours & Talks, and Building Decarbonization Tech Talks. Opportunities for builders and architects to showcase their projects!
NEWSLETTERS	Share your business news or event related to energy or green building in our newsletter that goes out to 3000+ local people and businesses.
